

Partial Trusted Influencers List

(Alphabetical listing)

BEFORE THE RAPTURE – You are highly encouraged to research, learn from, and absorb as many teachings and sermons as possible. Be voracious in your desire to learn! Be very intentional!

WARNING – Be aware that after the Church has been Raptured, conditions on the Earth will change extremely quickly. We have included a wealth of teaching and learning resources on this Rapture Kit so that you DO NOT need to rely on links that open up external resources. We do not want to underestimate the global technological forces that will track, monitor, and potentially report your browsing history and interests.

Be very, very careful, Brothers and Sisters...for we wish no harm to you.

This is compilation of several pastors and influencers that have a very good understanding of the Bible, have a grasp on Bible Prophecy, and that are trustworthy to preach from the Word of God (Sola Scriptura). These ministries have millions of articles, books, and videos and we cannot vouch for each and every article, statements made in books, or have we examined each minute of each video, but since deception will be increasingly rampant, this list will give you a head start. Let the Holy Spirit guide you in all regards and be a good Berean.
